SUMMARY -----

I am a Frontend developer who is enthusiastic and detail-oriented. I have a strong foundation in web development principles and a passion for creating user-friendly interfaces. I am proficient in React, JavaScript, HTML, CSS, and responsive design. I have experience in building and maintaining single-page applications (SPAs). I am a fast learner and always eager to learn new skills to enhance my knowledge.

WORK EXPERIENCE -----

IT Support

PCWALA.NET

2020 - 2022 Vadodara, Gujrat

My job involves installing and repairing computer hardware, as well as diagnosing software issues.

- Travel to different locations to resolve computer issues.
- Troubleshoot and repair peripheral equipment, such as printers. Remove viruses and spyware, replace hardware, or reinstall the entire operating system.

Computer operator

PSP INSTITUTION

2018 - 2020 Partapur, Banswara

Data management is the conversion of information from paper documents into digital formats, such as computer files or database systems.

- Scanning college documents, printing files, and making copies of important documents for students.
- To ensure that office equipment is used properly and any malfunctions are addressed promptly.
- To enter data into college databases, including student and staff information. This may involve tasks such as data entry and
- Verification, ensuring accuracy and completeness of records, and maintaining confidentiality of sensitive information.
